

RAY SWAN

GENAI / ML ARCHITECT | AI PLATFORM ARCHITECT | MLOPS / LLMOps

Houston, TX | (409) 264-5074 | rswan@rswan.org | linkedin.com/in/ray-swan-b973525

PROFESSIONAL SUMMARY

GenAI/ML Architect and hands-on AI Platform Architect with 25 years delivering enterprise software, data, integration, and transformation programs. Builds governed AI systems from infrastructure through model and agent runtime: Azure ML, Azure Databricks, Microsoft Foundry, MLflow, Terraform, GitHub Actions, Entra/OIDC, RAG/vector retrieval, and production lifecycle automation. Combines architecture, implementation, product leadership, and evidence-based governance across Azure, GCP, and AWS.

ARCHITECTURE & ENGINEERING EXPERTISE

AI Platforms & GenAI: Azure ML; Azure Databricks; Microsoft Foundry; MLflow; RAG; vector retrieval; grounded assistants; agentic systems; MCP-oriented tool boundaries; model evaluation

MLOps / LLMOps: Local-to-cloud lifecycle; champion/challenger; model registry; promotion/retain gates; drift monitoring; retraining; rollback-ready versioning; observability-ready contracts

Cloud & IaC: Terraform; GitHub Actions; Entra ID/OIDC; RBAC; Docker; Azure; GCP/Vertex AI; AWS/SageMaker; APIs; microservices; PostgreSQL; Salesforce

Governance & Security: Digest-bound saved plans; least-privilege identity separation; immutable evidence/provenance; state-machine guardrails; deterministic validation; bounded permissions

SELECTED PRODUCT ARCHITECTURE

Tokyo Eye — Scientific AI / Drug Discovery | Founder & Technical Product Lead, AI/ML | Eidetix Bio Research | Oct 2025–Present

- Architected Tokyo Eye, a physics-constrained AI drug-discovery pipeline with MLflow-native governance and ligand-interface affinity modeling.
- Identified five therapeutic targets with 100% rejection of invalid states. Filed two patents and advanced NCI SBIR Phase I work — filings and Phase I advancement, not granted patents.

ADDITIONAL AI / ML SYSTEMS

Azure GenAI/ML Ops Factory — Architect & Hands-on Engineer | 2026

- Public proof: github.com/rubyrajuntos/AI-ML-SCAFFOLD. Factory that generates governed Azure ML project repositories with Terraform, OIDC CI, and evidence-bound plan/apply.

NeuroNote — Governed Agent Runtime | 2025

- Dual-kernel AI governance architecture; theoretical basis for hostile-by-default agent governance in production use at Eidetix Bio.

Kitchen Kontrol — Independent Production Operations Product

- Scaled 7→23 Sodexo school cafeterias: reporting 30 min/day → 15 min/week, compliance 95%, food waste 3%. Public GitHub proof is kk-logger and MyKitchen; the full Azure codebase is not public.

ENTERPRISE EXPERIENCE

Founder & Technical Product Lead, AI/ML | EIDETIX BIO RESEARCH | Oct 2025–Present

- Tokyo Eye: physics-constrained AI drug-discovery pipeline, MLflow governance, five therapeutic targets, two patent filings, NCI SBIR Phase I advancement.

Operations Applications Developer & Area Supervisor | SODEXO | Aug 2025–Present

- Kitchen Kontrol scaled 7→23 sites; reporting 30 min/day → 15 min/week; compliance 95%; food waste 3%. Public proof: kk-logger / MyKitchen.

Technical Business Analyst & Project Manager | INTERNATIONAL REAL ESTATE SERVICES | Jan 2024–Jan 2025

- Automated API/ETL over fragmented CRM silos; –25% manual data entry; audit-ready reproducible analytics flows.

2016–2024 · specialist contract engagements for Fortune 500 and mid-market firms, typically 6–18 months from engagement through release.

Senior Salesforce Program Manager | SLUMBERLAND FURNITURE | Jan–Jul 2024

- Team of 18; Zendesk → Salesforce Service Cloud; –30% vendor cost; +5% conversion.

Senior PM & BA, Sales Cloud | SUNRUN | 2021–2022

- 12 CRM workflows → 3; KPI dashboards; territory launch 2 months → 4 days.

Senior PM & BA | XCENTIUM / REVLON | 2020–2021

- Japan/Hong Kong e-commerce launch; KPI reporting lag 12 hours → 5 minutes.

Senior PM & BA | MAZDA NORTH AMERICAN OPERATIONS | 2019–2020

- Service/Marketing Cloud NA migration; 100% go-live adoption; first unified NA data source of truth.

Lead Business Analyst | STANLEY BLACK & DECKER | 2018–2019

- Requirements for first DTC platform on Salesforce Commerce Cloud; Agile sprint framework via Azure DevOps.

Senior PM & BA | FOX SPORTS | 2017–2018

- Field Service Lightning; \$3M+ program 5% under budget; CI/CD time –50%.

Senior PM & BA | THERAGUN | 2017

- Five concurrent projects: Shopify → Salesforce, NetSuite, app development; data flow across web, mobile, retail.

Senior PM & BA | GUTHY | RENKER | 2016–2017

- Salesforce Commerce Cloud re-platform; inventory, membership, and fulfillment integration across in-house and offshore teams.

Sr. E-Commerce Program Manager | LAKESHORE LEARNING MATERIALS | 2014–2016

- Standardized client ingestion; roadmap for projects up to \$8M; district portal customization 2 days → 0.5 days.

PM / Director of Software Development | KAYNE ANDERSON RUDNICK | 2007–2013

- Salesforce migration; back-office trading transition; Agile operations; \$10B net flow transition.

Earlier: Attorneys Software Inc. (2002–2007) and Vivendi Universal (2000–2002) — available upon request.

EDUCATION

M.A., Humanities — California State University, Dominguez Hills, 2008 | B.A., Economics — University of California, Irvine, 2004
